

The Eritrean National War-Disabled Veterans' Asso

Date 25/06/13

To: Clemens Rudolf
Chairman Technik und Solidarity e.V
Subject: Receipt of Bicycles

Dear Mr. Clemens, The Eritrean National War Disabled Veterans' Association (ENWDVA) is very grateful for the contribution you are making. The used bicycles you are sending every now and then are making a contribution in the mobility of the disabled veterans and their families.

The main objectives of the bike project are:

1. To solve the mobility problem of the disabled members
2. To assist the family members of the disabled members whenever they are not used by the disabled members to transport themselves and their goods from place to place
3. To generate income for the association from the sales of the bicycles which can be used again to rehabilitate other veterans
4. Last but not least, protect the environment from pollution.

Being these the major objectives of the bike project ENWDVA is very happy with the contributions you have made so far. However, the demand of bikes by the disabled members have not yet met, due to shortage of supply. As per our experience with HEKS each Container is expected to load about 500 bikes if they are properly packed.

The Number of bicycles received in the year 2013 were 763. The content of each of the three containers was as follows:-

The photographs taken while the bicycles were unloaded are shown in the following.

After container is opened

When bicycles are unloaded

Container of bikes before unloading

When container is opened

Content of the three containers

S.N	Description	1 st container	2 nd Container	3 rd Container	Total
1	Adults bike	174	148	275	597
2	Children bikes	36	13	76	125
3	With missing parts	12	20	8	41
4	Circus	(5)			
5	Jirelo	(6)			
	Total	223	181	359	763

The total Received bikes are 763. From these 763, the 41 bikes are with missing parts. The 763 bikes are being assembled in our workshop which is found in Merhano. We will send our next report when the bicycles are fully reassembled, distributed to Zobas and sold.

 Ghebrebrhan Iyasu
 Chairman
 ENWDVA.
