# COMMENIS RECOMMENDATION AND CONCLUTION

## COMMENTS/ RECOMMENDATION:

There has been a great improvement in the loading of the containers from Germany. Thus

increase in the number of bikes. However, we wish that it increase more and more.

price. And so we recommend that more parts be send to us. We have decided to send bicycle parts to bike beneficiaries which they will buy at a lower

gone into buying tools. We need tools for the school and the beneficiary's trainings. Much of the commitment fee has

early next year so we can continue. possible without commitment fees. We hope that the next consignment bikes come to us People have started making enquiries for the next intake of the training academy. It is not

there. It's been twelve years of working; we wish to visit Germany to see what really happening

We still need volunteers' trainers to help us work especially for the school.

#### CONLUSION:

lessons on what to do next for the betterment of the project. are in place to ensure sustainable use of the bikes as we carry out the evaluation exercise and distribution. There has been a great improvement in our work here in Ghana. Measures a long vacation and we had to wait for them to come back before organizing their workshop We must apologize for the delay in this report it was due to the school children who went on and stand the opportunity to tell what is working well or wrong. It has given us the right
